

fidelity PULL DRAWER

Lowest Cost Transfer Files

"Built In," steel-rim construction provides stacking right to the ceiling. Tests prove that each file will support 1100 pounds and remain functional.

Fidelity "Pull Drawers" have features normally found only in far more expensive file units. The "Pull Drawer" is shipped flat, therefore stored flat until needed, then quickly set up without tape, staples or special tools. These handsome files, constructed of 200# test corrugated with white marble finish will be an asset to your office wherever you use them. See details of construction below.

fidelity FLIP TOP

Lowest Cost Storage Files

Over 25,000 satisfied users know that little used but necessary records are kept conveniently safe in the "Flip Top" storage files. As in all Fidelity products, the "Flip Top" is tested and proven to be the best value with double walls and bottom made from 200# test, **WHITE MARBLEIZED** corrugated, designed to store flat and assemble quickly without tape, staples or special tools. With these qualities it is no wonder that the list of uses for the "Flip Top" continues to grow.
